REASONS FOR ALLOWANCE

1. Claims 9-30 and 33 are allowed.
2. Terminal Disclaimer filed on 11/12/2004 has been approved.
3. The following is an examiner's statements of reason for allowance:

The examiner has found that the prior art of record does not appear to teach or suggest or render obvious the claimed limitations in combination with the specific added limitations as recited in independent claims and subsequent dependent claims. The prior art of record fails to teach or suggest a method and system for transferring data from a data source to a service broker system for interactive monitoring and control data to and from computers and Internet enabled devices of a client/server safety system over the Internet comprising a combination of components such as a communication module for initiating communication with a moderator and adapted to receive data from the moderator and sending data to at least one of the data source and the moderator, a service-action module for processing the received data and for performing a task based on the processed data, an export module in communication with the service-action module and for publishing data based at least in part on the performed task to the data network wherein at least one of the moderator and the data source comprises a virtual representation of the service broker and wherein the published data updates the virtual representation.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Philip B. Tran whose telephone number is (571) 272-3991. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.

6. Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only.
